

Dear Dr. Henney,

I am writing to express my concern over the FDA's regulation of genetically engineered (GE) food, to ask that the agency's current policies be changed, and to support 200 points in docket #00P-1211/CP1

- ☒ All GE Foods should be labeled so I am informed and have a choice.
- ☒ GE Foods should not be assumed to be "generally recognized as safe" and should have mandatory pre-market safety testing
- ☒ There should be a moratorium on GE Foods until long-term studies show they are safe for human health and the environment.

(Additional Personal Comments:)

**THOSE AGAINST MANDATORY LABELING ARGUE THAT GE FOODS ARE SAFE. IF THIS IS SO, WHY SHOULD THERE BE ANY QUESTION ABOUT INFORMING CONSUMERS BY IDENTIFYING THESE PRODUCTS.**
